clr.fund

RECIPIENT ACCEPTANCE CRITERIA

- All recipient submissions must be public goods projects benefiting the Ethereum Ecosystem, as defined in the [clr.fund constitution](#).

- Submission names should match the common name of the would-be recipient.

- Submission descriptions should succinctly describe the recipient and how it is a public good that benefits the Ethereum Ecosystem. URIs to additional content are allowed.

- Logo images should have a maximum size of 400KB. A square (1:1) PNG file with a transparent background is recommended.

- The recipient address should be verifiably controlled by the recipient. Proof (e.g. social media proof) should be included in the description.

- In case of duplicate submissions, only the first submission should be accepted. The most recent submissions appear higher in the list.
