## Strategy Description

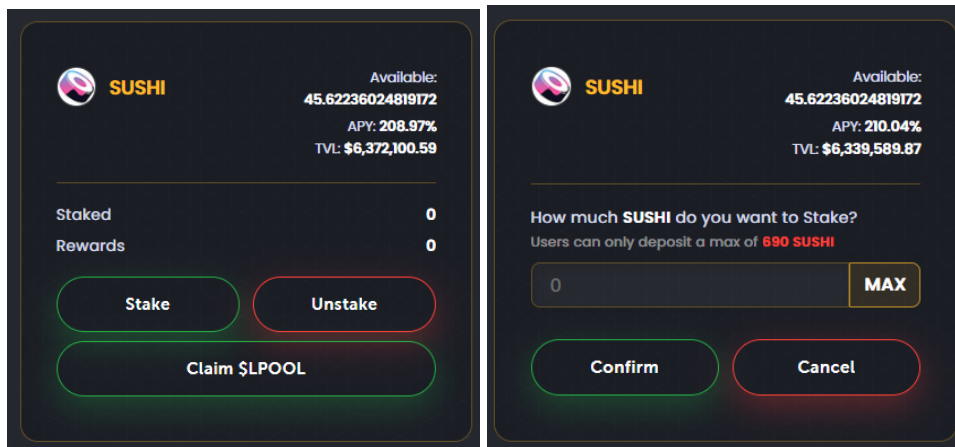

### A. Approve

Approve the contract by clicking on “Approve for Staking” and sign the TX.

## B. Stake

Click on “Stake”, then “Max”, then “Confirm” and sign the TX.

## C. Harvest & exit

Click on “Claim \$LPOOL” and sign the TX to claim.

Click on “Unstake” after you have finished farming and sign the TX to get your tokens back.

## Yield

This strategy produces yield due to the LPOOL rewards.

## Risk Disclosure

There are the following risks:

- **Staking contract breaking:** Lunchpool claims to have been audited by Certik. However there is always smart contract risk.
- **Frontends:** The frontends could be hacked or changed by the team making them do different actions than those explained in this strategy including stealing user funds.

Always verify that the transactions are approving and interacting with the right contracts.
